REHABILITATION SERVICES

10. Partial Hospitalization Psychiatric Care (PHP)/Intensive Outpatient Treatment (IOP)

Partial Hospitalization Psychiatric Care Program (PHP) 42 CFR 410.43. Adults and youth demonstrating a medical necessity for the service arising from behavioral health disorders that are at risk of psychiatric hospitalization or transitioning from a psychiatric hospitalization to the community, or that result in significant functional impairments in major life activities. Treatment is intensive nonresidential, structured, and therapeutic for individuals with substance use disorder (SUD), mental health diagnoses, and/or co-occurring disorders and meet the plan of treatment requirements of 42 CFR 440.130(d). This service includes assessment, assistance with medication management, individual and group therapy, skills restoration, and care coordination for individuals who require coordinated, intensive, comprehensive, and multidisciplinary treatment but who do not require inpatient treatment. Services are delivered under the direction of a physician.

Intensive Outpatient Treatment Program (IOP) 42 CFR 410.44. Includes skilled treatment services for adults and youth who demonstrate a medical necessity for the service arising from behavioral health disorders that result in significant functional impairments in major life activities. Treatment is based on a comprehensive, coordinated and individualized individual service plan that involves the use of multiple, concurrent service components and treatment modalities. Treatment focuses on symptom reduction, crisis and safety planning, promoting stability and independent living in the community, recovery/relapse prevention and reducing the need for a more acute level of care. This service is provided to individuals who do not require the intensive level of care of inpatient, residential, or partial hospitalization service, but require more intensive services than outpatient services and would benefit from the structure and safety available in the IOP setting.

Services are provided via interdisciplinary approach to treatment which are intensive nonresidential, structured, and therapeutic for individuals with substance use disorder (SUD), mental health diagnoses, and/or co-occurring disorders and meet the plan of treatment requirements of 42 CFR 424.24(d)(1-3). Treatment focuses on symptom reduction, crisis and safety planning, promoting stability and independent living in the community, recovery/relapse prevention and reducing the need for a more acute level of care.

Services must be recommended by a physician or other licensed practitioner in accordance with 42 CFR 440.130(d) and provided by a health care professional licensed by the State of Kansas operating within their scope of practice. Paraprofessional staff shall be appropriate qualified.
